Air Freight

Determine the Weight and Size

Service within and between the United States, Canada and Puerto Rico

How to determine billable weight*

Compare the freight shipment's minimum billable weight, actual weight and dimensional weight. The greater of the three is the billable weight and should be used to calculate the rate.

- Minimum billable weight of a freight shipment is 151 pounds.
 - Minimum billable weight per piece for loose items is 20 pounds. Minimum billable weight for loose items is the greater of 151 pounds or the number of pieces multiplied by 20 pounds.
- Determine actual weight and round up any fraction of a pound to the next full pound.
- Determine dimensional weight by multiplying the item's length by the width by the height. For each dimension, measure the largest distance, rounding each measurement to the nearest whole number. The result is the cubic size. Divide the cubic size by 166 for shipments within the United States and Puerto Rico and divide by 139 for shipments going into or out of Canada when measured in inches. To convert metric measurements into pounds, multiply the result by 2.20462. Increase any fraction to the next whole pound.

**If your non-palletized shipment does not meet the minimum weight of 20-pounds-per-piece, consider palletizing. Palletizing will ensure your shipment does not fall below the per piece minimum billable charge.

***Pallet billable weight is equal to the shipment weight (315 lbs.) plus the weight of a pallet (approximately 40 lbs).

Note: Each pallet and its secured contents is entered as one piece.

2. Compute the billable weight (refer to page 2).
3. Look up the shipping zone in the appropriate UPS Rate Guide.
The rate charts on pages 4 - 9 note where to obtain zone
4. Calculate the rate:
 - Use UPS WorldShip[®] or the “Calculate Time and Cost” application on ups.com[®] to see the rate for your shipment.*

Or

- Follow the steps below to use the rate charts on pages 4 - 9.

Contact your local UPS Supply Chain Solutions[®] service center for details (see upsscs.service.com/directory for specific telephone numbers).

Refer to the “UPS Air Freight Terms and Conditions of Contract for Services in the United States, Canada, and International” at ups-scs.com/terms for more information.

*Rates provided through UPS’s shipping systems are estimates only, and other shipping charges, surcharges or value-added service charges may apply based on your shipper characteristics and the characteristics of, and services requested for, shipments actually tendered to UPS.
