## SCHEDULED DAY-DEFINITE DELIVERY

## UPS Expedited

These rates apply when the shipping charges are billed to a party in the **sending country**.

**Zone**

To determine the zone number, see the zone page.

**Chargeable weight**

Rates are based on the total actual weight or the total dimensional weight of all packages in the shipment, whichever is the greater. Any fraction of a kilogram over the weight shown takes the next highest rate.

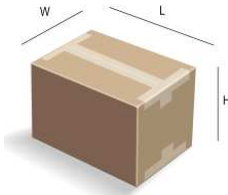

**How to determine dimensional weight**

$$\frac{L \times W \times H}{5000} = \text{Dimensional weight}$$

L = length in cms

W = width in cms

H = height in cms

We reserve the right to amend these rules in line with air freight industry standards.

**Additional charges**

These rates are exclusive of any additional charges or any optional services. Please see the optional and additional services page for more details.

**Arrange a collection**

To arrange a collection please call your local UPS office.

**Tax**

These rates are exclusive of tax. Where applicable, VAT will be charged at the standard rate.

**Notes**

- 1 The **maximum weight** for an individual package is 70kg. If you need to ship single packages in excess of 70kg please call your local UPS office or visit [www.ups.com](http://www.ups.com) for additional information.

To determine the rate for a shipment with multiple packages weighing in total more than 100kg, multiply the total weight (rounded up to the next whole kilogram) by the appropriate price per kilogram shown. The amount billed will be the result of the calculation, or the minimum rate shown, whichever is the greater.
