

# UPS Tariff Zone Chart

## International Destinations

For customers located in Lebanon  
Effective from 2 January, 2012

Use these tables to ensure that your preferred UPS service option is available, and to identify the zone number for your shipment. Zones are used to calculate the cost of your shipment.

| Customer's Country | IATA Code | Destination Country           | Zone Number Sending |         |               | Zone Number Receiving |               |
|--------------------|-----------|-------------------------------|---------------------|---------|---------------|-----------------------|---------------|
|                    |           |                               | express plus        | express | express saver | express               | express saver |

# UPS Tariff Zone Chart

## International Destinations

For customers located in Lebanon  
Effective from 2 January, 2012

Use these tables to ensure that your preferred UPS service option is available, and to identify the zone number for your shipment. Zones are used to calculate the cost of your shipment.

| Customer's Country | IATA Code | Destination Country                      | Zone Number Sending |         |               | Zone Number Receiving |               |
|--------------------|-----------|--|---------------------|---------|---------------|-----------------------|---------------|

# UPS Tariff Zone Chart

## International Destinations

For customers located in Lebanon  
Effective from 2 January, 2012

Use these tables to ensure that your preferred UPS service option is available, and to identify the zone number for your shipment. Zones are used to calculate the cost of your shipment.

| Customer's Country | IATA Code | Destination Country                                 | Zone Number Sending |         |               | Zone Number Receiving |               |
|--------------------|-----------|---|---------------------|---------|---------------|-----------------------|---------------|

# UPS Tariff Zone Chart

## International Destinations

For customers located in Lebanon  
Effective from 2 January, 2012

Use these tables to ensure that your preferred UPS service option is available, and to identify the zone number for your shipment. Zones are used to calculate the cost of your shipment.

| Customer's Country | IATA Code | Destination Country                           | Zone Number Sending |         |               | Zone Number Receiving |               |
|--------------------|-----------|---|---------------------|---------|---------------|-----------------------|---------------|
