In the event that a claim is made against UPS for damage to a package, the original packaging materials must be made available to UPS or its authorized representative for inspection.</p> <p>(d) Verification of Loss. When an asserted claim for loss of an entire package or an entire shipment cannot be otherwise authenticated upon investigation, UPS will obtain from the consignee of the shipment involved a certified statement in writing that the property for which the claim is filed has not been received from any other source.</p>
530	<p style="text-align: center;"><u>DISPOSITION OF CLAIMS</u></p> <p>UPS, on its own behalf and as applicable on behalf of the insurance company, after receiving a written claim for loss or damage to property transported, will pay, decline, or make a firm compromise settlement offer in writing to the claimant within 120 days after receipt of the claim by UPS; provided, however, that if the claim cannot be processed and disposed of within 120 days after the receipt thereof, UPS will at that time and at the expiration of each succeeding 60-day period while the claim remains pending, advise the claimant in writing of the status of the claim and the reason for the delay in making final disposition thereof and shall retain a copy of such advice to the claimant in its claim file thereon.</p>
535	<p style="text-align: center;"><u>DAMAGED AND LOST PROPERTY</u></p> <p>Whenever property is damaged or lost by UPS in the course of transportation, UPS, on its behalf and as applicable on behalf of the insurance company, will pay at its option either for the damaged or lost goods not to exceed the actual cost or declared value of the property, whichever is lower, or for the cost of repair of damaged property provided such cost of repair does not exceed the actual cost or declared value of the property.</p> <p>Neither UPS nor any applicable insurance company will be liable or responsible for the loss of or damage to any package, the contents of which UPS is not authorized to accept and/or UPS has a right to refuse under UPS's scope of operation.</p> <p>Neither UPS nor any applicable insurance company will be liable or responsible for the loss of or damage to any package resulting from inherent vice (including, but not limited to, improper, inadequate or unsafe packaging or wrapping that fails to meet UPS's published standards related thereto set forth in this tariff or elsewhere), deterioration, dampness of atmosphere, extreme of temperature, ordinary wear and tear or that which occurred or arose prior to and/or after the course of transportation by UPS.</p> <p>When UPS and any applicable insurance company pays the actual value of the property, title to the property shall thereupon pass to UPS; otherwise, the damaged property shall be returned to the shipper. UPS shall not be liable for any special, incidental or consequential damages.</p>

The maximum liability per package assumed by UPS is limited to the lesser of:</p> <p style="padding-left: 20px;">i) \$100, or</p> <p style="padding-left: 20px;">ii) actual cost of the loss or damage sustained.</p> <p>b. UPS will remit the insurance charges to an insurance company as a premium for shipper's interest insurance for the shipper's account and on its behalf. Claims for loss or damage to the shipper's property will be filed with and settled by UPS on behalf of the insurance company.</p>
560	<p style="text-align: center;"><u>OPTIONS FOR PAYMENT OF TRANSPORTATION CHARGES</u></p> <p>UPS may extend credit to those shippers who, in the sole judgment of UPS, are good credit risks. Where credit is extended, the following provisions for payment of transportation and service charges will apply.</p> <p>UPS may render a bill to the shipper on a weekly or a monthly basis. A weekly bill will include the transportation and service charges incurred in the previous week for those shippers who have requested the automatic daily pickup call for which a weekly service charge applies. A monthly bill will include the transportation and service charges incurred for that month for which the bill is assessed for those shippers who have requested the automatic daily pickup call for which a weekly service charge applies.</p> <p>If a negotiable instrument submitted by shipper to UPS as payment for service is returned to UPS unpaid by shipper's bank, UPS may charge shipper a returned check fee in an amount of up to Twenty Dollars (\$20.00) or the maximum permitted by law, whichever is less per check, in addition to any collection cost which may be incurred by UPS in the final collection of funds owed to UPS by Shipper.</p> <p>UPS may offer, solely at UPS's discretion, the following choices of payment options for payment of transportation and service charges:</p> <p>A. Electronic Funds Transfer Plan (Debit EFT)</p> <p>Shipper will provide UPS with shipper's bank account number and bank account routing number to enable UPS to electronically request payment for the transportation and service charges incurred by the shipper directly from the shipper's bank. The shipper's bank will then remit the amount requested to UPS and deduct that amount from the shipper's bank account. Each payment to UPS will be shown on the shipper's monthly bank statement. Additionally, the shipper will receive a weekly or monthly bill, as applicable, detailing the services provided for the applicable billing period. Past due balances on any bill assessed on a monthly basis will be subject to a late payment fee in addition to any collection cost which may be incurred by UPS in the final collection of funds owed to UPS by Shipper.</p> <p>B. Consolidated Payment Plan</p> <p>Under the terms of the Consolidated Payment Plan, a shipper will make a prepayment with UPS in an amount equal to four weeks' anticipated transportation and service charges as estimated by</p> <p>UPS. This prepayment shall remain on account with UPS. No interest shall be paid or accrued on the prepayment amount.</p>

ITEM	RULES AND OTHER PROVISIONS WHICH GOVERN THE TRANSPORTATION OF PROPERTY
560 (cont.)	<p>If the shipper receives a bill on a monthly basis, the transportation and service charges incurred for the applicable month will be totaled and billed to the shipper. Payment is due upon receipt of the bill. The initial prepayment amount will remain on account with UPS. Past due balances on bills assessed on a monthly basis will be subject to a late fee in addition to any collection cost which may be incurred by UPS in the final collection of funds owed to UPS by Shipper.</p> <p>If the shipper receives a bill on a weekly basis, that bill will detail the previous weeks' transportation and service charges incurred. Payment for all accumulated charges will be due upon receipt of the fourth bill; however, if prior to receiving the fourth bill, the shipper's transportation and service charges should equal or exceed the amount of the prepayment, then the accumulated charges will be due at that time. The initial prepayment amount will remain on account with UPS.</p> <p>The prepayment amount, as applied to either the weekly or monthly receipt of billing, may be changed by UPS to reflect a revised estimate of four weeks' billing.</p> <p>C. Special Payment Plan</p> <p>By written agreement with UPS, the shipper may elect to prepay an amount equal to the billing for a period of between ten to twenty-six weeks, as estimated by UPS. The amount of transportation and service charges actually incurred will then be deducted by UPS on a weekly basis from the sum prepaid by the shipper. Weekly bills marked as paid will then be forwarded to the shipper together with a statement reflecting the balance of the shipper's account. When the sum prepaid by the shipper reaches the minimum balance specified in the written agreement, the shipper may, at the shipper's option, elect to make another prepayment for an additional period pursuant to the same agreement. No interest shall be paid or accrued on the prepayment amount.</p> <p>D. Credit Extension Plan</p> <p>By written agreement with UPS, the shipper may elect to pay an annual credit extension fee and thereafter receive bills on a monthly basis with no prepayment requirement. The bill will be payable upon receipt. The credit extension fee is based upon total annual delivery charges and is subject to change annually. Past due balances will be subject to a late fee in addition to any collection cost which may be incurred by UPS in the final collection of funds owed to UPS by Shipper.</p> <p>E. Bank Freight Payment Plan</p> <p>Any shipper may, at the shipper's option, pay transportation bills through any of the bank freight payment plans in which UPS participates.</p> <p>F. Weekly Payment Plan</p> <p>A shipper may elect to pay transportation bills on a weekly basis. Each week the shipper will receive a bill for the previous weeks' transportation and service charges. The bill must be paid within seven days of receipt. No prepayment is required under this plan.</p> <p>Past due balances on any bill assessed on a monthly basis will be subject to a late payment fee in addition to any collection cost which may be incurred by UPS in the final collection of funds owed to UPS by Shipper.
