Note: Use this procedure only for a shipment to a single destination where the packages are identical (that is, the service level, package options, and so on are the same).

To process a multi-piece shipment:

<table>
<thead>
<tr>
<th>Step</th>
<th>Window (if available)</th>
</tr>
</thead>
</table>
| 1. On the Ship To tab in the Shipping window, type the address of the person or company where the shipment is to be delivered.  
   **Note:** Package Entry processing mode was used in all screen samples. The Service and Options tabs will appear differently using Shipment Entry processing mode. | ![Image 1](image1.png) |
| 2. On the Service tab:  
  - Click the down arrow in the UPS Service box and select a service.  
  - Click the down arrow in the Package Type box and select a type.  
  - Click the down arrow in the Bill Transportation To box and select who pays the transportation cost to ship the package, shipment, or movement.  
   **Note:** Do not type a weight in the Package Weight box. If you do type a weight in this box, you will not be able to continue this procedure.  
  - Click the Options tab. | ![Image 2](image2.png) |
3. The Options tab shows the available shipment and package options.
   - Select the check boxes for the desired shipment and package options and complete any required information for each option.
     **Note:** The package options that you specify now will apply to all the packages in the shipment.
   - Click the Reference tab.

4. The Reference tab appears.
   - Type any applicable reference numbers.
   - On the Home tab, select Multi-piece Shipment or press the F9 key on the keyboard.
5. The Multi-piece Shipment window appears. Type the number of packages in the shipment in the Total Number of Packages box and select a package weight option, as follows:

- If you know the combined weight of all packages in the shipment, select Enter Total Shipment Weight and then type the combined weight (in pounds) in the lb box.

- To apply Hundredweight pricing to the shipment, select the Hundredweight Pricing Applied check box. You should only select this check box if you have knowledge of Hundredweight pricing.

**Notes:**

- This check box is active only if you have a contract for Hundredweight.
- If you select this check box, you cannot edit, add, or delete packages for the Hundredweight shipment; you can only void the Hundredweight shipment.

- If you do not know the combined weight of all the packages in the shipment or if you want to enter the package weight for each individual package, select Enter Package Weights on Shipping Window.

- Click the OK button.
6. The Reference tab displays.

Select the Service tab.

7. On the Service tab:

If you selected Enter Total Shipment Weight in the Multi-piece Shipment window, note the following:

- The Reference Number appears if you typed numbers on the Reference tab.
- WorldShip divides the total weight by the total number of packages and displays the average package weight in the Package Weight box. This box becomes read-only if you selected the Hundredweight Pricing Applied check box in the Multi-piece Shipment window.
- The total shipper’s cost appears under Shipper’s Cost, and the message “Hundredweight Applied” appears below the Shipper’s Cost if you selected the Hundredweight Pricing Applied check box in the Multi-piece Shipment window.
WorldShip®
Process a Multi-Piece Shipment

If you selected Enter Package Weights on Shipping Window in the Multi-piece Shipment window, note or do the following on the Service tab:

- The Reference Number appears if you typed numbers on the Reference tab.
- Using the Shipment Navigation Bar to move between packages, type the package weight for each package. You can either type the weight for each package in the Weight box or use the scale to enter the weight for each package. As you type or edit each weight or weigh a package using the scale, WorldShip recalculates and displays the total shipment weight and shipper’s cost.
- When you have finished, click the Process Shipment F10 button.

8. A blank Shipping window appears.

On the Home tab, select History or press the F3 key on the keyboard.
9. The Shipment History window shows the shipment under UPS Pickups.
