

UPS® Peak Surcharges

UPS® Peak Surcharges

Peak Surcharges will apply to domestic service packages shipped during a Peak Period, based on service level and packages characteristics. UPS will implement Peak Surcharges to Large Package, Over Maximum Limit, and Additional Handling packages.

For this busy peak season Canada wants to pass on an additional benefit to our customers. Our company will not be applying additional surcharges for domestic residential deliveries.

From September 2, 2019 through to January 10, 2020, UPS will apply these Peak Season Surcharges, in addition to normal surcharges applicable to such packages.

See fee details below:

*Please note that 2019 rates are subject to change in December 2019.

Since these peak surcharges are separate billing charges, any existing discounts or waivers applied to transportation or accessorial charges do not apply to a peak surcharge. All peak surcharges are billed the published peak surcharge rate on ups.com at the time of shipping.

Large Package Surcharge

The Large Package surcharge will apply to a package when its length plus girth [(2 x width) + (2 x height)] combined exceeds 130 inches/330 centimetres and on a domestic package when its length exceeds 96 inches/244 centimetres.

Over Maximum Limit

Over Maximum Limit will apply to packages with an actual weight of more than 150 pounds/68 kilograms, or that exceed 108 inches/274 centimetres in length or a total of 165 inches/419 centimetres in length and girth combined.

Additional Handling Packages

An Additional Handling charge will be assessed for any package that requires special handling, as determined by UPS in its sole discretion, including, but not limited to:

Weight:

- Any package with an actual weight of more than 70 pounds/32 kilograms.
- Each package in a shipment where the average weight per package is greater than 70 pounds/32 kilograms and the weight for each package is not specified on the source document or the UPS automated shipping system used.

continued

Length:

- Any package with the longest side exceeding 48 inches/122 centimetres.

Width:

- Any package with its second-longest side exceeding 30 inches/76 centimetres.

Packaging:

- Any article that is not fully encased in corrugated cardboard, including but not limited to metal, wood, hard plastic, soft plastic (e.g., plastic bag) or expanded polystyrene foam (e.g., styrofoam).
- Any cylindrical-like item, such as a barrel, drum, pail or tire, that is not fully encased in a corrugated cardboard shipping container.
- Any package routed through UPS's irregular package sortation process.
- Any other package that requires special handling, as determined by UPS in its sole discretion.
- Applies per package for both domestic and international services.
- For a package that meets multiple criteria listed above, only one Additional Handling charge will be assessed, in the following order: Weight, Length, Width, and Packaging.
- An Additional Handling charge will not be assessed when a Large Package Surcharge is applied.
