# How To Use This Guide

## UPS® Zone Number

The UPS Zone Number is UPS's way of identifying the general origin and destination of a shipment, as well as the service level that will be used. You will need the correct UPS Zone Number to manually look up a shipping or importing rate in the 2019 UPS Canada Rate and Service Guide.

## Do You Have the Correct Zone Guide for Your Postal Code?

Whether you are shipping or importing, your postal code must fall within the range of postal codes printed on the front cover of the UPS Canada Zone Guide. Additional UPS Zone Guides can be downloaded at [ups.com/rates/ca](https://ups.com/rates/ca).

## How to Identify the Correct UPS Zone Number for Your Shipment

1. First, turn to the Zone Chart that broadly describes the shipment's origin and destination:

|                                    |   |
|------------------------------------|---|
| Shipping to Worldwide Locations    | 1 |
| Shipping to the United States      | 3 |
| Shipping to Mexico                 | 4 |
| Shipping within Canada             | 6 |
| Importing from the United States   | 7 |
| Importing from Worldwide Locations | 8 |
2. Next, select the row that shows where the shipment is going to (for shipping) or where the shipment is coming from (for importing). Each Zone Chart explains how to do this.
3. Then, select the column for the UPS delivery service that suits your needs.
  - As a general guide to delivery times, refer to the appropriate “Services at a Glance” page in the UPS Canada Rate and Service Guide found online at [ups.com/rates/ca](https://ups.com/rates/ca).
  - For specific time in transit and guarantee details, check Calculate Time and Cost at [ups.com](https://ups.com).
4. The UPS Zone Number for your shipment is where your selected row (step 2) and your selected column (step 3) meet. Note: Use the UPS Zone Number to look up the rate in the 2019 UPS Canada Rate and Service Guide.

## Faster and Easier Ways to Calculate Your Shipping Rates!

- Use Calculate Time and Cost at [ups.com](https://ups.com).
- Use a UPS automated shipping solution such as UPS Internet Ship.
- Install UPS shipping software such as WorldShip®.
- Visit The UPS Store® or a UPS Authorized Shipping Outlet.

### Extended Area Delivery Zones

When a delivery point is beyond the normal UPS service area, an Extended Area Surcharge may apply. View Extended Area Surcharge information at [ups.com/rates/ca](https://ups.com/rates/ca).
