

UPS Peak Surcharge

Notification of Peak Surcharge

The holiday season is upon us which means an increase of packages will soon be entering the UPS network. To ensure our network continues to operate effectively, and to enable us continue to provide best-in-class value to our customers, UPS will be introducing a temporary Peak Surcharge to certain packages.

Effective from 4th November until 22nd December, 2018, the Peak Surcharges will be a flat fee, per package that will be charged in addition to existing rates, surcharges and/or fees. These surcharges are only applicable to Large Packages, Over Maximum Limit Packages and those that meet the specifications for Additional Handling charges.

Switzerland	Additional Handling	CHF 4.00
	Large Package	CHF 57.00
	Over Maximum Limits	CHF 91.00

***Large Package Surcharge Specifications**

A package is considered a "Large Package" when its length plus girth [girth = (2 x width) + (2 x height)] combined exceeds 330cm, but does not exceed the maximum UPS size of 419cm. Large Packages are subject to a minimum billable weight of 40kg in addition to the Large Package Surcharge.

**** Over Maximum Limits Charge Specifications**

Packages with an actual weight of more than 70kg, or that exceed 274cm in length, or exceed a total of 419cm in length and girth combined [girth = (2 x width) + (2 x height)], are not accepted for transportation. If found in the UPS small package system, they are subject to an additional charge. Packages exceeding 419cm in length and girth combined are also subject to the Large Package Surcharge.

*****Additional Handling Charge Specifications**

- Any article that is encased in an outside shipping container made of metal or wood
- Any cylindrical item, such as a barrel, drum, pail, or tire, that is not fully encased in a corrugated cardboard shipping container
- From 6th August 2018, any package with the longest side exceeding 100cm (39.5"), or a second-longest side exceeding 76cm (30")
- Any package with an actual weight greater than 32 kg (70 pounds)
- Each package in a shipment where the average weight per package is greater than 32 kg (70 pounds) and the weight for each package is not specified on the source document or the UPS automated shipping system used.

UPS also reserves the right to assess the Additional Handling Charge for any package that, in UPS's sole discretion, requires special handling. In consideration of the additional handling required on our part, and subsequent potential delays in processing these shipments, UPS does not provide a money-back guarantee for them. UPS does, therefore, not refund the shipping charges if shipments requiring additional handling are not delivered by the time normally scheduled for such shipment.

We value your business and are committed to meeting your shipping needs during this critical shipping period. To learn more about the Peak Surcharge, or to discuss any questions and shipping needs you may have, please visit ups.com or contact your UPS Account Manager.

Sincerely,

UPS
