

# UPS<sup>®</sup> Peak Surcharges

## October 30, 2020 Update

UPS will continue service amid the ongoing coronavirus outbreak and upcoming holiday season to support the demand and needs of our customers. Our goal is to ensure businesses and customers are able to meet their shipping needs as the demand for air cargo capacity increases.

To better manage the surge in demand for air cargo capacity and the increased costs to maintain service, UPS will continue to implement a temporary peak surcharge on shipments worldwide. At the same time, we will also make service adjustments to manage increased demand over the holiday season. For more details, please refer to our service alert titled '[Service Adjustments related to Holiday Season and Coronavirus](#)' on UPS.com.
