

## UPS<sup>®</sup> Worldwide Economy Peak Surcharges

Due to recent market developments amid the ongoing Coronavirus outbreak, a Peak Surcharge will apply to UPS Worldwide Economy shipments to the destinations set forth below, during the specified effective dates. Shipments will be rated with the Peak Surcharge in effect at the time the shipments receive their first scan by UPS at the UPS Worldwide Economy export site. Peak Surcharges will be applied as a rate per kilogram based upon the billable weight of the shipment.

The Peak Surcharges listed below will be added to your current net rate for applicable UPS Worldwide Economy shipments. The Peak Surcharges will be included as a separate line item on the invoice. Peak Surcharges apply in addition to all other applicable charges. No waiver, discount, or reduction of any type to the Peak Surcharges shall apply unless UPS agrees in writing to such waiver, discount, or reduction with specific written reference to the Peak Surcharges.

Peak Surcharges are subject to change. Customers should continue to check <https://www.ups.com/jp/en/shipping/zones-and-rates/download.page> for updates prior to tendering UPS Worldwide Economy shipments.
