

UPS Worldwide Express Freight[®]

When your international freight can't wait

Faster guaranteed palletized shipments in more lanes than any other carrier

Critical shipments can happen at any time. Product launches or seasonal surges you can anticipate. But sudden drops in inventory or equipment failures aren't predictable. UPS Worldwide Express Freight offers faster guaranteed palletized shipments in more lanes than any other carrier, so you can respond quicker to more situations. Get reliable, guaranteed delivery when you need it most, whether your shipment is expected or an emergency.

We leverage our air network — one of the world's largest — and customs clearance

capabilities — over 80 years of experience and offices in more than 60 countries — to offer our fastest scheduled day-definite, door-to-door delivery in 50 origin and 51 destination countries and territories*, including:

- One or two business days to the U.S. from Asia Pacific, Europe and the Americas*
- One or two business days from Hong Kong to the U.S., Asia Pacific, Europe and Canada*
- Two or three business days to Europe from Asia Pacific, the U.S. and the Americas*

Easier to use, better for business

UPS's latest enhancements include same-day rate quotes. Save money on last-minute shipments with one phone call. And UPS Import Control[®] availability enables you to provide shipment labeling and documentation of your imports to exporters, maintain control of your costs and ensure confidentiality of your account number and invoice information.

The simplicity of one

With UPS Worldwide Express Freight, you get the simplicity of one — one point of contact, one account number, one invoice and one tracking system for both packages and freight.

**Non-Door-to-Door options are also available.

Added flexibility

Available options allow you to adapt to your shipping challenges, customizing UPS Worldwide Express Freight to your needs:

- Extend the workweek with Saturday deliveries to select U.S. and Canadian postal codes.
- Take advantage of earlier pickups and later drop-offs with non-door-to-door options.
- Prepare trade documentation online and promote sustainability with our Paperless Packing List.

UPS® International Toolbox

UPS further facilitates global commerce with a full range of services and tools including:

- Quantum View Manage® — Track shipments end-to-end 24/7
- WorldShip® — Ship both packages and freight with a single system
- UPS Import Control® — Manage inbound labeling, billing and commercial invoicing
- UPS Paperless® Invoice — Submit commercial invoice data electronically
- UPS TradeAbility® — Access up-to-date regulations, watch lists and forms in one place
- International Billing Options — Bill charges to shippers, receivers and third parties
