Global air cargo capacity is 31% lower than last year

Almost all trade lanes across the world are seeing double-digit air cargo capacity declines compared to last year; decline of 31% shows an improvement compared to last week (-35%)

Source: Seabury Consulting

Transpacific trade lane sees a decline lower than 10% compared to last year

- Q & A
- Closing comments
Opening Comments

Romaine Seguin
President UPS Global Freight Forwarding
IAF update

- International air freight carrier update
- Air freight global impact
- What are we anticipating
Ocean update

• Ocean Market Situation
• What we’re anticipating
Customs Brokerage Update

- Global hotspots impacting Brokerage business
- Notable updates from US government agencies
- Personal Protective Equipment (PPE) Export / Import

Stuart Lund
Vice President Global Customs Brokerage & Trade Advisory Services
Customs brokerage and compliance update

GLOBAL HOTSPOTS

North America
- All Brokerage operations fully operational

Americas
- Venezuela customs brokerage is operational
- All other countries: brokerage is operational but some possible delays due to state mandated curfews and customs staffing

Europe
- All Brokerage operations fully operational

Asia Pacific
- China is fully operational
- Philippines service delays due to limited customs manning.

Indian Subcontinent, Middle East, and Africa
- India: UPS brokerage is operating (for UPS flights) despite government mandated shutdown (until May 4)
- Pakistan/South Africa: Limited to essential items
- Bangladesh/Nigeria/Bahrain: Limited service

Updates of note from US government agencies

- The CDC has not identified any threat to international packages that are being cleared by local CBP
- CBP, FDA, and other PGA's continue to be very helpful in expediting critical shipments
- CBP Covid-10 Cargo Resolution Team: COVID19_RELIEF_IMPORTS@cbp.dhs.gov
- USDA will allow some certificates and supporting documents to be uploaded to DIS instead of hard-copy submission.

Personal Protective Equipment (PPE) Export / Import

FEMA prohibits export of certain PPE and authorizes CBP to detain shipments of covered commodities
- Effective 4/7/2020 to 8/7/2020
- Certain face-pieces, masks and gloves will be targeted
- UPS is working with CBP to provide additional guidance to the trade

China exports of PPE: specific set of commodities & HTS codes require multiple documents to be secured by the manufacturer and/or exporter in advance of turnover to Forwarder; manufacturer needs to be on National registry
