c. **Control.** Except as otherwise expressly provided in these Hosted Services Terms, as between the parties, UPS Customer Solutions has and will retain sole control over the provision, management, and operation of Hosted Services, including the: selection, deployment, modification, performance, and replacement of Hosted Services.

3. **Intellectual Property Rights.** Client hereby acknowledges that the Hosted Services Materials and any intellectual property therein or thereto are the sole property of UPS Customer Solutions, its Affiliates, or the Third Party Licensors. Client has not acquired any ownership interest in the Hosted Services Materials and will not acquire any ownership interest in the Hosted Services Materials by reason of these Hosted Services Terms. Client will keep the Hosted Services Materials free from any liens, claims, or encumbrances, attachments, rights of others and legal processes of Client’s creditors or any other person or entity.

4. **Hosted Services Support Services.** Subject to Client’s compliance with the terms and conditions of the Client Agreement and in consideration of the Hosted Services Fees, if an Order Form grants to Client access to the Hosted Services, then during the Term for which Client has paid the Support Fees included in its Hosted Services Fees, UPS Customer Solutions will provide to Client Hosted Services Support Services, unless terminated earlier as provided herein. Hosted Services Support Services will be provided by UPS Customer Solutions in accordance with the Hosted Services Support Policy, which may be updated by UPS Customer Solutions at any time from time to time. If any change by UPS Customer Solutions will result in a material decrease in the support provided by UPS Customer Solutions, then UPS Customer Solutions will provide Client with thirty (30) calendar days’ written notice prior to such change. Within thirty (30) calendar days of receiving such notice from UPS Customer Solutions, Client may terminate the applicable Order Form by providing written notice to UPS Customer Solutions of such termination, and such termination by Client will become effective sixty (60) calendar days after UPS Customer Solutions’ receipt thereof. In the event of a termination by Client pursuant to this Section, Client will receive a pro rata refund of any Support Fees paid for the remainder of the then-current Term.

5. **Hosted Services Fees.** Client understands and agrees that the rights granted to Client in and to the Hosted Services are conditioned upon Client’s payment of those amounts as set forth on (i) any Order Form or (ii) invoice issued by UPS Customer Solutions referencing this Client Agreement (“Hosted Services Fees”). During the Term, Client may request changes to the quantity and types of Hosted Services components available to Client pursuant to these Hosted Services Terms, and such changes will be valid and effective when Client fully pays the amounts specified in an applicable Order Form, change order, or invoice subsequently issued by UPS Customer Solutions that reflects the requested changes. Client agrees that UPS Customer Solutions is entitled to implement an annual rate increase of up to five percent (5%) of the then current Hosted Services Fees, effective on each anniversary of the effective date of the applicable Order Form for Hosted Services.

6. **Subscription Term; Non-Renewal; Termination of Hosted Services.**

   a. **Subscription Term.** For each Order Form including Hosted Services, the license for such Hosted Services will be in effect for a period of twelve (12) months from the effective date of such Order Form (the “Hosted Services Initial Term”), but will renew automatically for additional subsequent twelve (12) month terms (each a “Hosted Services Renewal Term”, and cumulatively, the Hosted Services Initial Term and all Hosted Services Renewal Terms applicable to a given subscription, the “Hosted Services Term”), unless terminated earlier pursuant to the terms of this Client Agreement.

   b. **Non-Renewal.** If Client desires that a subscription for Hosted Services under an Order Form should not renew, Client will provide UPS Customer Solutions with ninety (90) days’ written notice of non-renewal prior to the end of the Hosted Services Term applicable to such subscription. If UPS Customer Solutions desires that a subscription for Hosted Services under an Order Form should not renew, UPS Customer Solutions will provide Client with thirty (30) days’ prior written notice of non-renewal prior to the end of the Hosted Services Term applicable to such subscription.

   c. **Termination for Convenience.** Either party may, at its election, upon sixty (60) days’ prior written notice, terminate a subscription for Hosted Services under an Order Form; provided, however, that such termination will not affect in any way any right or claim of any party hereto incurred or accruing prior to the date of termination, including without limitation, any right or claim of UPS Customer Solutions for compensation payable for Hosted Services rendered prior to such termination date. In the case of termination by Client prior to the end of the Initial Term, Client will be responsible for paying the full amount of the Hosted Services Fees, including taxes, due through the end of the Initial Term.
d. **Termination for Cause.** If UPS Customer Solutions in its sole judgment believes that (i) a Hosted Service included in an Order Form or its associated Documentation is being used for a purpose not approved by UPS Customer Solutions, or in violation of Applicable Law; (ii) UPS Customer Solutions’ or any third party’s rights are jeopardized or potentially exposed to liability or damage; or (iii) Client is in default under these Hosted Services Terms or any other agreement between Client and UPS Customer Solutions, then UPS Customer Solutions may immediately suspend Client’s rights in the Hosted Services of such Order Form or terminate the applicable Order Form(s) without UPS Customer Solutions having to take any additional action.

7. **Use of Hosted Services.**

   a. **Authorized Users.** Client will ensure that each Authorized User granted a user ID and password to a Hosted Service: (i) is fully aware of all of Client and Authorized User obligations under these Hosted Services Terms and acts in accordance with them; (ii) maintains the secrecy and security of the user ID and password; and (iii) does not disclose them to any other party or allow any other party to use them to access the Hosted Services. Client will be responsible for any use or access of the Hosted Services through use of such user IDs and passwords, whether such access was authorized or not. UPS Customer Solutions will be entitled to rely upon the data input through use of the user ID and password assigned to any Authorized User without any obligation to identity or otherwise verify any person or entity that gains access to the Hosted Services by means of such user ID and password. UPS Customer Solutions will not be responsible and will have no liability for loss, damage, or other liability arising from Client’s failure to protect the confidentiality and security of its passwords. Client will have sole responsibility for security and access control for the private network connection, if selected.

   b. **Administrative Functions.** Certain Hosted Services include administrator functionality. If the Hosted Services licensed by Client include administrator functionality, UPS Customer Solutions will set up one or more Authorized Users as an administrator (“Administrator”) who has the authority to distribute, create, delete, update, and reset user IDs and passwords used by Authorized Users to access the Hosted Services. To the extent made available by UPS Customer Solutions to Client, the Hosted Services may include certain other administrative functions including without limitation the ability to permit Client to customize or configure Client’s implementation of the Hosted Services and the data and/or options available thereon and to communicate with, and maintain the list of, Authorized Users. Client agrees it is solely responsible for any and all maintenance, support and liabilities related to Client’s configurations and customizations implemented using such administrative functions and any notifications or other communications sent to its Authorized Users through the Hosted Services. All such configurations and customizations will remain the exclusive property of UPS Customer Solutions pursuant to Section 3 of these Hosted Services Terms.

   c. **Client Systems.** Client acknowledges and agrees that Client and its Authorized Users are solely responsible for the physical, logical, and technical security, back-up, archival, and recovery procedures, and safeguards for the servers, software, connectivity, and equipment operated, maintained, or provided by Client or its Authorized Users and associated data contained therein.

   d. **Client Data License.** Client grants UPS Customer Solutions a limited, non-exclusive, non-transferable, non-assignable, royalty-free license to use any and all Data that Client submits to UPS Customer Solutions in connection with UPS Customer Solutions’ provision of the Hosted Services as necessary to operate and maintain the Hosted Services, including without limitation, to configure, format and display the Hosted Services and to manipulate and display such Data for the processing of transactions and shipments on behalf of Client.

   e. **Use of Client’s Mark.** In the event Client desires to have its designated logo or mark (“Client’s Mark”), displayed on the Hosted Services’ custom interface and/or on the shipping label, Client hereby grants to UPS Customer Solutions, a non-exclusive, non-transferable, royalty-free right and license to copy and use Client’s Mark solely for the purposes of affixing Client’s Mark on the Hosted Services’ custom interface and/or shipping label in a location designated by UPS Customer Solutions for such purposes. Other than Client’s Mark, no rights in and to Client’s trademarks, service marks, name(s), trade name(s), words, images and any indicia associative of Client are granted herein.

   f. **Client Indemnification.** Client will indemnify and hold harmless UPS Customer Solutions and Supported Carriers and the directors, officers, employees, and agents of each of them, (each, an “Indemnitee”) from and against any and all losses, damages, fees, judgments, costs and expenses (including attorneys’ fees) which the Indemnitee may suffer or incur arising out of or in connection with any claim, demand, suit or cause of action: (i) arising from or alleging Client’s, or its Authorized Users’ use of the Hosted Services other than in accordance with this Client Agreement; or (ii) alleging that any Data that Client submits to UPS Customer Solutions in connection with UPS Customer Solutions’ provision of the Hosted Services or any portion thereof, or an Indemnitee’s use thereof as authorized herein, infringes or violates any third party right including without limitation patent, copyright, trade secret, trademark, or other third party intellectual property right; or (iii)
alleging that Client’s Mark infringes or violates any third party trademark, brand, service mark, name, trade name, logo or other intellectual property right. UPS Customer Solutions will provide prompt notice to Client of any such claim for which an Indemnitee seeks to invoke Client’s indemnity obligations.

g.  **Suspension of Access.** Client acknowledges that UPS Customer Solutions has the right to prohibit access to any part of the Hosted Services at any time as UPS Customer Solutions deems necessary in its sole discretion, without limitation, to: (i) prevent access to the Hosted Services Materials that is not in compliance with the terms and conditions of these Hosted Services Terms; (ii) correct a material error in the Hosted Services Materials; or (iii) comply with Applicable Law.

8.  **Restrictions.** Client will not publish, disclose, or otherwise make available to any third party the Hosted Services. Client will not rent, lease, encumber, pledge, lend, copy, make available, distribute, or act as a service bureau as to the Hosted Services or any component thereof. Client will not reverse engineer, decompile, or disassemble the Hosted Services, or any component thereof.

   a.  **Acceptance.** Client will be deemed to have accepted the terms and conditions of these Hosted Services Terms upon Client’s signing and returning to UPS Customer Solutions an executed Signature Page, Order Form including Hosted Services, or amendment incorporating these Hosted Services Terms, or the commencement of any Hosted Services, whichever occurs first. The banking, negotiation, or other use of any payment will not constitute an acceptance by UPS Customer Solutions.

   b.  **Right to Monitor Compliance.** UPS Customer Solutions reserves the right to monitor Client’s use of the Hosted Services, to confirm compliance with the requirements of these Hosted Services Terms.

   c.  **Supported Carriers.** Client acknowledges that if a Hosted Service provides access to Supported Carriers, UPS Customer Solutions may add or subtract carriers from the Supported Carriers accessible through the Hosted Service at any time. UPS Customer Solutions will take commercially reasonable efforts to provide written notice to Client before the addition or deletion of any carrier as a Supported Carrier. If UPS Customer Solutions deletes a carrier from the Supported Carriers, Client may no longer use such Hosted Service, including the applicable Carrier Component, to access such carrier’s Carrier Information or Supported Carrier System. Client will not be due any refund of Hosted Services Fees and hereby waives any claim against UPS Customer Solutions in respect to damages or liability arising from the deletion of a carrier as a Supported Carrier to the extent permitted under applicable law. Client’s use of Carrier Information, and access to Supported Carrier Systems is further subject to any other terms and conditions that UPS Customer Solutions may provide to Client in writing or in electronic format, as so required by the applicable Supported Carrier, including, but not limited to the terms and conditions of Supported Carriers attached hereto as Schedule 2. Client’s execution of an Order Form including Hosted Services that accesses a Supported Carrier constitutes Client’s acceptance of the Supported Carrier’s terms and conditions contained in Schedule 2 or otherwise provided by UPS Customer Solutions to Client and that such Supported Carriers will be third party beneficiaries to such terms and conditions, as applicable.

   d.  **Third Party Licensors.** Client acknowledges that the Hosted Services may include intellectual property provided to UPS Customer Solutions by Third Party Licensors. Such Third Party Licensors are intended third party beneficiaries of Client’s obligations under this Client Agreement as regards a Third Party Licensor’s intellectual property, and a Third Party Licensor may enforce any provision of this Client Agreement as regards a Third Party Licensor’s intellectual property.

   e.  **Operation of Hosted Services.** Client will prevent unauthorized use or misuse of the Hosted Services, and will remain responsible for all such use or misuse. Client will use the Hosted Services solely for the purposes and functions expressly permitted by this Client Agreement and pursuant to UPS Customer Solutions’ instructions.

   f.  **Harmful Code.** Client will not input, upload, transmit, or otherwise provide to or through the Hosted Services any information or material that is unlawful or injurious, or activate any harmful code, virus, worm, malware or other malicious computer code intended to affect the Hosted Services, or damage, destroy, disrupt, disable, impair, interfere with or otherwise impede or harm in any manner the Hosted Services, or UPS Customer Solutions’ provision of services to any third party, in whole or in part. Client may not use the Hosted Services to gain access, or attempt to gain access, to any computer system, web site, or database owned or operated by UPS Customer Solutions or its Affiliates other than the Hosted Services to which Client is expressly permitted access under an Order Form.

9.  **Third Party Contractors.** Client acknowledges and understands that UPS Customer Solutions may use the services of third party service providers in connection with the performance of Hosted Services under these Hosted Services Terms, and agrees to comply with all applicable third party terms provided.
10. **Survival.** Notwithstanding anything to the contrary contained in the Client Agreement, the provisions of Sections 1, 3, 6(a) (second sentence), 7(f), 8(d), 10, and 11 of these Hosted Services Terms will survive the termination or expiration of the Client Agreement or these Hosted Services Terms.

11. **Modifications.** Notwithstanding anything to the contrary in the General Terms, UPS Customer Solutions may modify these Hosted Services Terms in its sole discretion by posting such modified terms and conditions at https://www.ups.com/assets/resources/media/hosted-services-terms-and-conditions.pdf, and any such changes will supersede the prior terms after the effective date of such changes, and Client’s continued use of the UPS-CS Solutions after the effective date of such changes constitutes Client’s agreement to the modified Hosted Services Terms. Schedule 2
Restrictions on use of Carrier Information and Access to Supported Carrier Systems

A. United Parcel Service.

One Carrier Component of the Hosted Services allows a communication interface with United Parcel Service, Inc. and its Affiliates (“UPS”) as the Supported Carrier.

(a) Use of Information. Client may use UPS Carrier Information for Client’s own personal or internal business purposes (as appropriate) associated with (i) shipping for Client’s own benefit, (ii) instructing a supplier to ship for Client’s benefit, or (iii) receiving packages through transportation services provided by UPS. This right to use includes the right for Client to use UPS Carrier Information (A) to establish delivery dates, (B) provide delivery information to Client’s customers, (C) in the operation of Client’s customer support service centers and (D) to make payments to UPS. Client acknowledges and agrees that the UPS Carrier Information is for planning purposes only and may not be used to short pay UPS and is insufficient for purposes of determining whether adjustments or service refunds are due. Accordingly, Client acknowledges that data in addition to the UPS Carrier Information will be required in order for Client or any third party to obtain a guaranteed service refund, any other adjustment, or refunds against service fees or for reconciliation of invoices for services.

(b) Restrictions on Disclosure. Client will treat as confidential all UPS Carrier Information and to only disclose UPS Carrier Information to parties having a bona fide interest in such UPS Carrier Information (e.g., the shipper, consignee or third party payor), on a need-to-know basis and only to the extent reasonably required for the performance of this Agreement, provided Client ensures such parties use the UPS Carrier Information in accordance with all restrictions of this Agreement.

(c) Negotiated Rate Information. The Hosted Services may provide access to specific pricing terms and charges resulting from confidential negotiations between Client and UPS (“Negotiated Rate Information”). Client may use Negotiated Rate Information solely in Client’s internal accounting and billing operations to facilitate payment of charges associated with Client’s UPS account and Client may not disclose Negotiated Rate Information other than to a third party that controls, is controlled by, or under common control with, whether directly or indirectly, Client.

(d) Reference Rates. Client acknowledges and agrees that actual shipping charges invoiced by UPS may differ from rates provided as UPS Carrier Information by the Hosted Services even when the Hosted Services provides Negotiated Rate Information. Factors that may affect Client’s actual invoice include but are not limited to the following: actual package characteristics are different than as described; the information set out on the shipping label is incomplete or inaccurate; negotiated rates require calculation based on volume and additional charges are incurred during shipment of the package which are unforeseen or incalculable prior to tendering.

(e) Tracking. Client may only use the tracking functionality of the Hosted Services to retrieve UPS Carrier Information related to shipments tendered by Client, a third party for delivery to Client, or on Client’s behalf (“Tendered Shipment”). Certain tracking functionality of the Hosted Services may allow Client to direct UPS to provide tracking results to an e-mail address Client provides. Client will direct the Hosted Services to send tracking results for a Tendered Shipment only to an e-mail address controlled by a person affiliated with such Tendered Shipment. In the event an addressee indicates to Client that such addressee no longer desires to receive e-mail messages relating to Tendered Shipments, Client will immediately cease using the Hosted Services to direct UPS to send e-mail messages to such addressee. In no event will UPS be liable for any failure or delay in the transmission or receipt of any tracking results e-mail. Client is solely responsible for the content of any text provided by Client and transmitted as part of a tracking results e-mail. Client will not include in any tracking results e-mail any content which may be harassing, defamatory, libelous, or injurious to any other person.

(f) UPS Hazardous Materials Functionality.

(i) Restrictions. Client agrees to use the UPS Hazardous Materials Functionality of the UPS Supported Carrier System (1) to facilitate the shipment of those dangerous goods and hazardous materials identified in Client’s Hazmat Service Agreement during the period such Hazmat Service Agreement is in effect and then (2) only in those countries set forth in Client’s Hazmat Service Agreement where hazardous materials service is available.

(ii) Disclaimer. UPS MAKES NO WARRANTY OR REPRESENTATION OF ANY KIND THAT: (1) THE UPS HAZARDOUS MATERIALS FUNCTIONALITY WILL TRANSMIT THE NECESSARY INFORMATION TO UPS OR GENERATE THE NECESSARY DOCUMENTATION ERROR-FREE OR INTERRUPTION-FREE OR (2) THE UPS HAZARDOUS MATERIALS FUNCTIONALITY COMPLIES WITH ANY APPLICABLE CONVENTIONS, MULTILATERAL AGREEMENTS, BILATERAL AGREEMENTS, DIRECTIVES, LAWS OR REGULATIONS PERTAINING TO THE TRANSPORT OF DANGEROUS GOODS BY AIR AND GROUND, INCLUDING BUT NOT LIMITED TO CURRENT VERSIONS OF THE FOLLOWING LAWS:
