Expanded access to European healthcare consumers. Opportunity knocks.

Broader coverage in Europe for greater patient access

UPS has acquired Polar Speed, a leader in active temperature-controlled pharmaceutical supply chain solutions in the United Kingdom. Based in Leighton Buzzard, near London, the company’s offerings include:

- MHRA-licensed, ISO 9001:2008-certified facility with fully registered on-site pharmacy
- Compliant transportation and warehousing for delivery and storage of pharmaceuticals, biologics and regulated medical devices
- An experienced team with a focus on quality assurance compliance and active transportation solutions — an excellent fit with UPS

Leighton Buzzard, near London, United Kingdom
- Three facilities with total warehouse space of 38,000 square feet (more than 3,500 square meters)
UPS Healthcare Facilities

• 45 dedicated healthcare facilities worldwide
• More than 6.4 million ft² (about 600,000 m²) MHRA-licensed, ISO 9001:2008-certified dedicated healthcare distribution space
• Almost 300,000 ft² (almost 28,000 m²) added in Europe in 2013

Access a broader base of customers globally with one integrated logistics network
